PROFESSIONAL SUMMARY

Results-driven Computer Science undergraduate maintaining a 9.6 CGPA at VVIT, with practical internship experience in both frontend development and machine learning. Adept at translating designs into responsive, performant web interfaces and applying data-driven ML techniques to real-world problems. Consistently recognised for academic excellence and a proactive approach to learning emerging technologies including Generative AI. Seeking opportunities to contribute impactful, scalable software solutions in a collaborative engineering environment.

EDUCATION

B	Bachelor of Technology — Computer Science <i>Vasireddy Venkatadri Institute of Technology (VVIT)</i>	2024 – 2028 CGPA 9.6 / 10 ★
XII	Intermediate — Class XII <i>Sri Chaitanya Educational Institution</i>	2024 97.2% ★
X	Secondary School — Class X <i>Sri Chaitanya Techno School</i>	2022 97.6% ★

TECHNICAL SKILLS

Proficient In	Python · Java · JavaScript · HTML5 · CSS3
Familiar With	C · MySQL
Frameworks	Responsive Web Design · DOM Manipulation · OOP
ML & AI	Data Preprocessing · Predictive Modelling · Generative AI Fundamentals
Tools	Git · GitHub · VS Code · Canva

INTERNSHIP EXPERIENCE

Frontend Developer Intern • *CodeAlpha* | HTML · CSS · JavaScript 1 Month | 2024

- Engineered 3+ responsive web applications, achieving consistent cross-browser compatibility and sub-2s load times across device sizes.
- Delivered pixel-perfect UI implementations from design briefs, reducing revision cycles by applying accessibility and UX best practices from day one.
- Adopted Git-based version control workflow, maintaining clean commit history across all project deliverables.

Machine Learning Intern • *SkillCraft Technologies* | Python · Scikit-learn 1 Month | 2024

- Executed end-to-end ML pipeline — data cleaning, feature engineering, model training, and evaluation — on 2 real-world datasets.
- Improved baseline model accuracy through iterative hyperparameter tuning and cross-validation techniques.
- Documented findings and model performance metrics in structured reports, communicating insights clearly to the team.

PROJECTS

- ▶ Smart Travel Planner Prototype

HTML · CSS · JavaScript

 - Designed a full itinerary management platform with dynamic UI components, reducing trip-planning friction through a structured, intuitive workflow.
 - Implemented responsive layouts supporting seamless use across mobile and desktop, targeting 100% viewport adaptability.
- ▶ Study Planner Web Application

HTML · CSS · JavaScript

 - Built a task-and-schedule management tool enabling students to organise academic workloads across multiple subjects with deadline tracking.
 - Prioritised UX simplicity: reduced task-entry clicks to under 3 actions through streamlined form design.
- ▶ Personal Portfolio Website

HTML · CSS · JavaScript

 - Developed a professional showcase site featuring projects, certifications, and skills with smooth animations and responsive grid layout.
 - Applied modern UI principles (visual hierarchy, whitespace, typography) to produce a polished, recruiter-ready first impression.
- ▶ Advanced Calculator

HTML · CSS · JavaScript

 - Built a fully functional calculator with keyboard support, expression parsing, and error handling for edge-case inputs.
- ▶ Browser-Based Music Player

HTML · CSS · JavaScript

 - Created a feature-complete music player with playlist queue, seek control, and volume management — all within a single-file browser app.

ACHIEVEMENTS & LEADERSHIP

- ★ Ranked Academic Topper and awarded **Gold Medal** — placed in top 1% of cohort across all semesters to date.
- ♦ Competed in **Smart India Hackathon 2025** (Internal Round) — developed a technology-driven solution addressing a national-level problem statement within a 24-hour sprint.
- ■ Active Member, **National Service Scheme (NSS)** — contributed 40+ volunteer hours across community health, literacy, and environment drives.
- ▶ **Member, Movie Appreciation Club** — engaged in structured critique sessions developing analytical communication and collaborative thinking.

LANGUAGES

English (Professional Proficiency) · Telugu (Native) · Hindi (Conversational)
